MESSAGE FROM FOUNDER FATHER'S DESK

Rev.Fr.J.E.ARUL RAJ, FOUNDER OF DMI & MMI

Greetings!

"Dear Students, Parents, and Staff,

I am deeply inspired by the transformative power of education. As we embark on a new journey together, our institution reaffirms its commitment to fostering a holistic learning environment that extends beyond academics. To our students, I offer these guiding words: cultivate self-respect through self-sufficiency, develop knowledge-based technical skills, and strive for dignified employment. I extend my heartfelt gratitude to our parents and staff for your unwavering support. Together, we can shape the minds and hearts of our students, empowering them to become responsible, enlightened, and engaged global citizens.

As we look forward to the forthcoming month, I wish each of you a productive, enriching, and successful October 2024

Sincerely,

Rev. Fr. Dr. J.E. Arul Raj

Chairman.

MESSAGE FROM CAMPUS SUPERIOR'S DESK

REV. SR. ARUL SELVI

Greetings!!!

"On behalf of our esteemed Founder, Rev. Dr. J.E. Arulraj, and the DFT Management, I extend a heartfelt welcome to our dear children, respected parents, and guardians. We firmly believe that education, paired with cultural development, is the cornerstone of self-realization. Our mission is to empower each child to realize their full potential, enabling them to contribute meaningfully and effectively to the community. As an integral part of the community, our school strives to equip students with essential skills to navigate the complexities of the world. Our objective is to foster a lifelong love for learning, promoting:

- Effective communication skills
- Fluency in reading
- Efficiency in writing
- Acquisition of diverse skills

By nurturing young minds, we aim to shape responsible, enlightened, and engaged individuals who will make a profound, positive impact in their communities.

Thank you for entrusting us with the education and development of your children

MESSAGE FROM PRINCIPAL'S DESK

MR. K R RAJ KUMAR

"Dear Students,

As we embark on this educational journey together, I want you to remember that there is mindfulness within each of you. Sometimes, all it takes is a little exploration to discover your true potential. While teachers play a crucial role, I firmly believe that nobody can teach anyone anything directly. Learning is a personal journey, and it's about discovering your own path, passions, and purpose. So, explore, question, and seek knowledge with an open heart and an inquisitive mind. You are not just students; you are future thinkers, innovators, and leaders. Embrace challenges, learn from failures, and celebrate victories. Let your curiosity guide you, and remember that growth happens beyond textbooks—in the interactions, experiences, and moments that shape you. May you find joy in learning, resilience in adversity, and compassion in your hearts. Together, let's create a positive, nurturing environment where everyone thrives.

With warm regards,

K.R. RAJKUMAR

PRINCIPAL

LAMS ACHIEVEMENT

A Massive World Record
Attempt -21-11-24 To
Commemorate Children's
Day

Loyola Academy School, Tambaram, set a historic world record on 21-11-24 Thursday as part of the nationwide celebrations for Children's Day and the birth anniversary of Jawaharlal Nehru. This event was conducted to honor Nehru's vision, who believed in the power of children to shape India's future.

This record was accomplished by approximately 529 children from Loyola Academy School, Tambaram.

The event was presided over by T.S. Mahalakshmi, DEO Private Schools, Kanchipuram District. She was warmly welcomed by the school's Principal, Mr. K.R. Rajkumar, and the school manager, Sister Arulsevi.

STAFF MEETING NOVEMBER MONTH

Children's Day Celebration

14-11-24

We invite Chief guest Mr. Mohan , Panchayat President, Erumaiyur

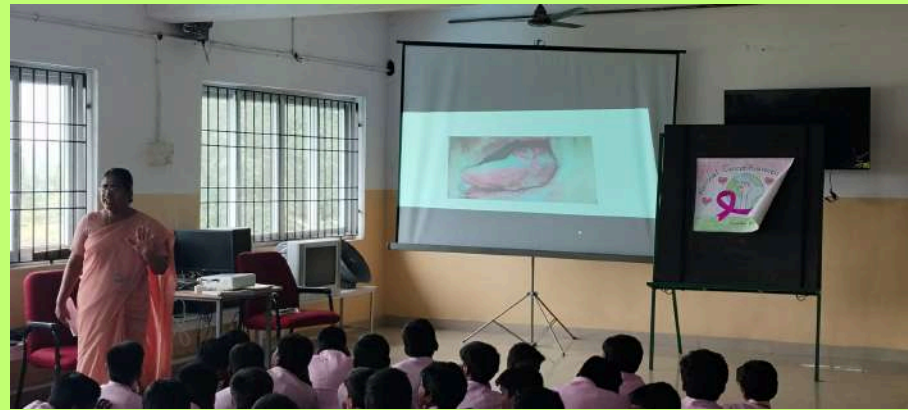

Olympiad Exam

An Olympiad exam is a competitive examination that tests students' knowledge and skills in a specific subject or group of subjects. It is designed to identify and encourage talented students, providing them with opportunities to participate in national and international competitions. Olympiad exams are typically conducted at the school, regional, national, or international levels, with varying levels of difficulty and complexity. By participating in Olympiad exams, students can develop their critical thinking, problem-solving, and analytical skills, preparing them for future academic and professional challenges.

Class

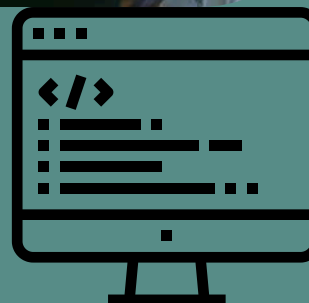

Saving energy and resources
Activity: Energy Saver Lamp

CODING CLASS

In this coding class, students will learn the fundamentals of programming using languages such as Scratch, Python, or Java. They will understand the basics of coding, including variables, loops, and conditional statements, and apply these concepts to real-world problems. Through hands-on exercises and projects, students will develop problem-solving skills, logical thinking, and creativity. By the end of the course, students will be able to design, code, and test their own programs and projects.

Demenor Lab

A Demonstration Lab, also known as a Demo Lab, is a controlled environment where instructors demonstrate scientific experiments, procedures, and concepts to students. The primary purpose of a Demenor Lab is to provide students with a visual understanding of complex scientific principles and to illustrate key concepts in a safe and controlled manner.

WORK EXPERIENCE LAB

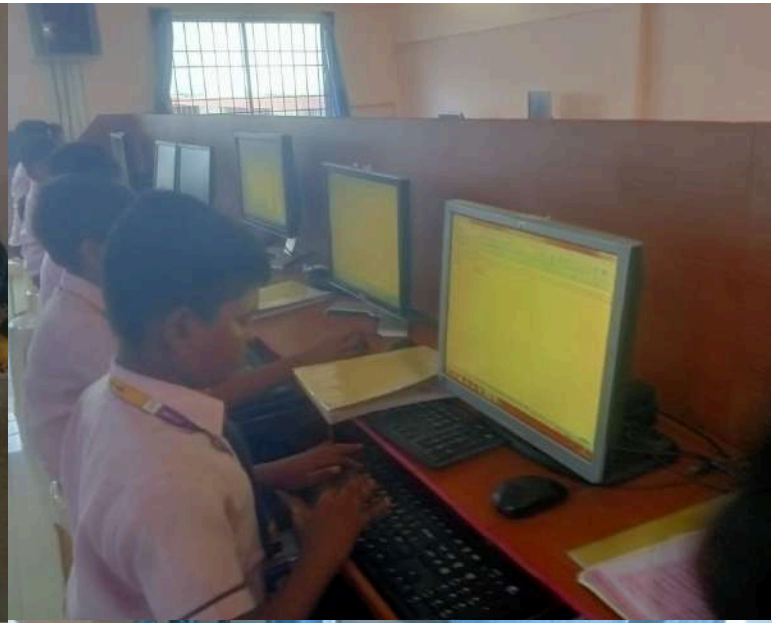

A Work Experience Lab is a simulated work environment where students can gain practical hands-on experience in a specific field or industry. In this lab, students work on real-world projects and tasks, applying theoretical knowledge and developing essential skills such as problem-solving, teamwork, and communication.

SCIENCE LAB

Computer Science Lab

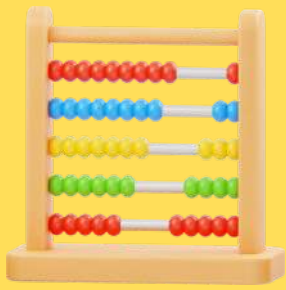

LIBRARY

A library is a collection of resources, including books, journals, magazines, and digital media, that are organized and maintained for the purpose of research, study, and recreation. Libraries provide a quiet and supportive environment for users to access and utilize these resources, often with the assistance of trained librarians.

ABACUS

An abacus is a manual calculating tool used for performing arithmetic operations such as addition, subtraction, multiplication, and division. It consists of a frame with rows of wires or rods bearing movable beads, which represent numbers and are manipulated to perform calculations.
